

The Advanced Technology Solutions (ATS) Guide:

# MICROSOFT AZURE SECURITY

## Strengthen your security posture with Microsoft Azure

Take advantage of multi-layered security provided by Microsoft across physical data centers, infrastructure, and operations within Azure. Azure is the industry's most intelligent and secure cloud - with over 3,500 cybersecurity experts globally.

### Why Azure Security?

Detect threats early

Built-in controls

Reduced costs

Integration with Microsoft products

### How ATS can help:

#### CLOUD SECURITY

- Identity & Access Management
- Policy-based Access control
- Azure Active Directory
- Azure Security Center
- Key Vault

#### DATA SECURITY

- Data Classification & Accountability
- Endpoint Protection
- Device Provisioning & Authorization

#### MONITORING & REPORTING

- Centralized monitoring & alerts
- Physical Security
- DDoS Defense
- Penetration Testing
